People's Blockchain

PROMO KIT · DRAFT

The blockchain where every user is a verified human.

Owned by people, not VCs.

Launch a token, mint NFT club cards or raise money for an idea — no code, no crypto skills. Rewards go to verified humans, not bots.

FAQ

Investors?
None. Self-funded. No VC, no investor allocations, no private round.

Team?
Small and anonymous by choice. We publish work, code and rules — not faces.

When is the sale?
No date. Opens with mainnet, only after 1,000 verified people + a live treasury multisig. Announced only on official channels.
